English

Belarusian

PROFILE

As a beginner programmer, I have strong skills in programming and development. I have experience working with programming languages such as C++, C, C#, Java, and Assembler, and have a basic understanding of algorithms and data structures. Additionally, I possess good communication skills, the ability to work in a team, and a quick learning capability. I am committed to continuous professional development and am ready to learn new technologies and programming methodologies.

TECHNICAL SKILLS

C++
- Object-oriented programming
- Multithreading
- Basics of the language

Java
- Basics of the language

Mathematics
- Linear algebra
- Mathematical analysis
- Probability theory
- Mathematical statistics

Git, GitHub, GitLab

Operating systems
- Windows 10/11
- Linux
- Android

Frameworks and libraties
- Maven
- JUnit
- JavaFX
- Flutter

EXPERIENCE

I have experience working with people with hearing impairments, which has allowed me to acquire basic sign language skills. I am able to communicate and interact with deaf individuals, making me a more flexible and adaptable professional in the field of information technology.
